31 John Douglas Forbes turned 101 years old on April 9. A luncheon party for family and close friends was held in his honor at the Farmington Country Club, in Charlottesville. After he graduated Cal, Forbes earned his master’s from Stanford in 1932; and his Ph.D. from Harvard in 1937. He taught at the University of Kansas City (now the University of Missouri at Kansas City); at Bennington College; at Wabash College; and at the University of Virginia. He was the first faculty member hired by the Colgate Darden Graduate Business School of the University of Virginia when it was founded in 1954; he taught at Darden from its first class, in 1955, until 1980. From 1980 until 2003, Forbes taught Art History in the Continuing Education Department of the University of Virginia. On April 15, Forbes had the signal honor of representing Cal at the Inauguration of the new President of the University of Virginia. Forbes has three children and four grandchildren. His wife, Mary Elizabeth Forbes, is a former musician and college instructor. Forbes has three children and four grandchildren. His wife, Mary Elizabeth Forbes, is a former musician and college instructor.

39 As we approach summer, quickly followed by fall and a new season at Cal, we wonder where the time went. Again this year by popular demand we will have our Class ’39 luncheon at Claremont Country Club on Friday, Nov. 18. Save the date and come! We are saddened by the passing of two loyal and well remembered classmates, Don Watts, who married Jane Hamshaw; and Ted Griffith, who had made a success of his hobby and business, interior design (see In Memoriam).

40 We had over 40 classmates, family, and guests in attendance for our 70th reunion held in the Alumni House last November. We wanted to give thanks to Dick Bahme and Virginia Walsh along with many others who made the reunion a success! George and Jean Matthaei (née Barker) received the 2011 Legacy Award from the Santa Barbara Museum of Natural History at its annual Patron Dinner on Jan. 20. The award recognizes the extraordinary contributions of docents, volunteers, and other supporters of the museum. The Matthaeis have been museum docents for more than 20 years. They’ve worked with tens of thousands of school children and mentored fellow docents. At Cal, Jean was an outstanding student in the Phi Beta Kappa sorority. She was involved in the Mortar Board, the Prytanean, the Women’s Executive Committee, the Women’s Activity Council, and in her senior year was president of the YWCA. Mickey Bailey’s oldest son John came down and she visited his son, an airline pilot who lives in Vista. She also had lunch with a Spokane neighbor who was “wintering” in Corra- nado. Life goes on.... No dull moments. Class Secretaries: Richard Bahme, 3 Fleetwood Ct, Orinda 94563; Jean McHenry Bailey, 1571 Meadow Cir, Carpinteria 93013

41 Sidney Calish lives in St. Helena. His working career was with Chevron and as a consultant in lubrication. He was a WWII veteran. He says that his hobby now is reading. Betty Lippman Barber teaches water polo at her community pool. She will live in Paris in June, and also plans to barge and bike in Belgium and Holland. She enjoys writing memoirs for children. Last year, she spent a holiday with her partner in Mexico celebrating their 90th birthdays. Mae Vignolo Brown has taught and built family homes in her career but now she keeps up with her family of five children, ten grandchildren, and seven great-grandchildren. Bernard Rosenthal writes that he lives in Berkeley and flew to Paris this past year to attend a celebration of the high school from which he graduated in 1939. His time-consuming interest now is continuing his antiquarian bookselling business. Ada Alice Ganza Beyer lives in her home with a caregiver after falling four years ago. Her son is a Cal graduate and her daughter is a retired teacher. Her greatest pleasure is seeing her five grandchildren and her two great-grandchildren.

42 Our class members continue to travel: Barbara Gunn Johnson has been hiking in Yorkshire, England; Virginia Root James has cruised up the Northeast coast as far as Halifax, Nova Scotia; Ed Block and Marjorie Phillips Block have spent time in Denver and Chicago; and Charles “Chuck” DeKay has recently returned from Alaska, where he joined a Cal Alumni group to see the Aurora Borealis and was then off to Mexico to fish for tarpon. A good many from our class are now living in senior communities and are engaged in activities both in and out of the places where they live. Mary Powell Flanders, at St. Paul’s Towers, Oakland, serves on the Residents’ Council and the Historians’ Committee, and is a member of the Sing-a-Long librarians and a folk-dancing group. Keith Lee Silcox Derian, at Rossmoor, has served as an officer on numerous committees and activities, including the Cal Alumni Club, the Lawn Bowling Club, line dancing, and golf. Janet Ackerly Mendenhall, also at Rossmoor, is a member of the Cal Alumni Club, the Computer Club, the Opera and Ballet Club, and the Diablo Symphony Guild. Ralph Fisher, at the Clark-Lindsey Village in Urbana, Illinois, is busy preparing notes and papers for the Bancroft Library and for the University of Illinois at Urbana. Congratulations to Dan McKinney and his wife, Vi, for being honored as Outstanding...
Philanthropists by the San Diego chapter of the Association of Fundraising Professionals. Rebecca Hayden, 2598 Filbert St Apt 2, San Francisco 94123, beckynotes@sbcglobal.net, 415/931-4283

44 Mary Geary Anderson and her husband, Bob, have celebrated their 60th wedding anniversary. An active Delta Gamma at Cal, Mary is not able to be active now, but she and Bob have six children and 11 grandchildren and through them Mary has many vicarious adventures, enjoyments, and surprises. Able to keep quite busy, Carol Stolle Paden, a Tri Delt, still lives in the Alameda home she and her husband Bill occupied over 50 years ago, where they reared four children. Carol has been active with Children’s Hospital and is occupied “doing stuff.” She has lost her husband and a daughter, Susan, but two daughters, one son, six grandchildren, and three great-grandchildren give her much to do. Bettye Pederson Stratton, a Lariat of the Bear Pioneer, now lives in Alameda, a move necessitated by the 1991 Oakland/Berkeley hill fires in which Bettye lost everything but her car. She is happily getting “reacquainted” with her son and daughter-in-law who lived in Texas but are now in the East Bay as the son is now a member of the math department at Cal. Homecoming: Not to be missed. Mark the October date on your calendar. There are all those interesting seminars, the delicious lunch for classes which graduated over 50 years ago, and the appearance of the Cal Band is worth the price of the lunch. There are oodles of young people driving golf cart-like vehicles who will take you anywhere you want to go on campus. Only three of us attended the ’10 Homecoming. We can do better than that, and it is something you will enjoy. There is something for everyone at Homecoming.

Class Secretaries: Dick Duhring, 13871 Robleda Rd, Los Altos Hills 94022, fkd@duhring.net; Virginia Pearson Anderson, 100 Bay Pl #2001, Oakland 94610

45-47 Bob and Chris Olsen Hogeboom live in Walnut Creek. Bob retired in 1990. He did consulting for 18 years. They have lived in RossMoore for 15 years. Chris enjoys golf and bridge. They have three children: Nancy McNiel, Lisa Hammon, and Jim Hogeboom. All are Cal grads, as was Chris’s mom. Nancy is with Lisa Hammmond, and Jim is Super-intendent of Schools in the Pismo Beach area. Margaret Cooney Walton lives in the same Hayward home she moved to in 1954. She is active in church and singing in little Theatre concert choras. Barl V. Livingston and his wife, Carole, live in Gold River. They enjoy golf and travel, and live part of the year in Maryland. James McCraney lives in Pacifica.

46 Doris Malson Dickinson and Carmen J. Finley have just published their second historical biography to benefit Armstrong Redwoods State Natural Reserve in Guerneville. Titled Parson Jones, the Life and Times of Rev. William Ladd Jones, the book is available at the park or on-line.

After 28 years as executive secretary of Centro Social Mon, Julio Martins, an organization that has supported a children’s day care center in Ligares, a remote village in northern Portugal, Mary Joaquina Martins has expanded her international interests to Mozambique, Africa. In the last four years she has raised funds to provide food for 80 preschoolers, some of them AIDS orphans. She has traveled three times to Mozambique and has facilitated funding for a water system for a maternity hospital and clinic. And she managed to find a small autoclave for the clinic that only had a broken-down pressure cooker over an open fire to sterilize clinical instruments! This year she flew to Tete on the Zambezi River (full of crocodiles) to visit the teenagers she is providing scholarships to. This visit, to a family compound with four huts, no running water, and no electricity, was accomplished in a 4-wheel drive over the local terrain. Her next project is buying two bicycles.

Class Secretaries: Marian Melrose Everett, 3 Charles Hill Ln, Orinda 94563-1805, 925/254-2685; William M. Fay, 955 Mendocino Ave, Berkeley 94707, 510/528-4725

50 Robert Fox called the reunion “spectacular.” He especially enjoyed the lead (along with Yvonne Cazier and Don Reichart) in “Hail to California” and watching Genie Callan and watching Genie Callan lead the Cal Band. After Cal, Bob found his way into broadcasting and ended up owning a number of radio stations. He was twice chair of the Southern California Broadcasters’ Association and served as chair of the Radio Board of the National Association of Broadcasters. He and his wife of 57 years, Valerie Barker, live in a home they built in Pacific Palisades. Ralph E. Kunkee, professor emeritus of enology from UC Davis, although retired for 20 years, is still involved in lectures, consultations, and wine judging. He instructs a UCD Extension course, Introduction to Winemaking, with about 100 students annually. His major interests have to do with wine yeasts, malolactic fermentation, and the sources and control of wine spoilage. Ralph calculates that he taught over 1,000 students in his specialty lab course, Microbiology of Winemaking. Doris Moen McKinn, an art major at Cal, taught art at Fresno State University, where her late husband taught music. The McKims moved to Castro Valley, and Doris taught art, art history, and social sciences for many years in San Leandro. She now is a regular usher at San Francisco Symphony concerts and dispenses sustenance and good cheer to singers and staff at the San Francisco Opera’s backstage canteen. Five “Pappy’s Boys” footballers attended: Frank Brunk (with his wife, Jenifer ’58), Doug Duncan, Ray De Jong (with Ada), Paul McKnight (with Joan ’53), and Bob Rinehart. Frank Brunk is famous for his 102-yard kickoff return for a touchdown against USC in 1949, but his major post-Cal effort has been to spearhead the successful fund drive to rescue men’s golf from the budget axe. No surprise: Frank has been president of the Northern California Golf Association. Doug Duncan was an outstanding center and a good student who majored in criminology. After Cal he joined the Secret Service and guarded Presidents Kennedy, Johnson, Nixon, Ford, and Carter. In retirement he takes fishing trips to Alaska. Bob Rinehart’s wife, Faye, has passed away since the reunion. Janet Angell is moving to Carmichael after 42 years in Orinda and 18 in RossMoore. She was born and raised in Sacramento and has lots of relatives in that area, but hasn’t been back except for short visits, so she’s “basically starting all over … I’m trying to look at it as an adventure.” Berton Ballard and his brother Kenneth have released a four-hour audio representation of Plato’s Republic on www.platosrepublitutorial.info. Class Secretaries: Norma Blair Connor, 30 Baywood Cir, Novato 94949, SheBear50@comcast.net; Roger C. Thompson, 1429 Hawthorne Ter, Berkeley 94708-1803, 510/841-7817, gasroger@sbcglobal.net; Bill Wootle, 4018 Edgemont St, Boise, ID 83706, wwo@vail.com

51 Robert Briggs, who led the Cal Band for nearly a quarter of a century, established scholarships awarded annually to support band members and bequeathed his IRA and annuity accounts to Berkeley to support CAA scholarships, Cal athletics, Cal Performances, and the Cal Band. Although he died in 2008, he is “here in spirit,” especially as we gather for our 60th reunion. St. Patrick’s Day saw eight classmates convening for the first official Class of ’51 reunion meeting at Berkeley’s University Relations building. Reunion Chair Lefty Stern called the meeting to order with two missions: Raise money for Cal and prepare for a memorable event celebrating our 60th year. Classmates will receive...
of the Bay Area, scholar, star of basketball and baseball, doctor, author, and magician. The Class of 1954 proudly inducted him into our Class Roll of Honor. We thought of him as an outstanding classmate and a most remarkable human being.

Since our 55th reunion in 2009, two questions have come up that badly need input from our Classmates.

First, the new football venue for the next few seasons will be AT&T baseball stadium in San Francisco, where the Golden Bears will play until Memorial Stadium is ready again. Many tailgate and postgame parties will be disrupted accordingly. Our annual picnic at the Class of 1954 Gate will not be possible; so far, none of the suggestions we’ve had please the Picnic Committee—no crammed, noisy bars or restaurants have any appeal. However, the idea occurred that the revamped Mission Bay Park on the edge of the Bay near the new (mostly UCSF) campus might have possibilities. Any volunteers for a committee or a subcommittee to check it out? We might get a tour of the new buildings, too.

Second, shall we have a 60th reunion in 2014, or not? Enthusiasm is not high, but as many of us hope to be around in three more years, the idea is worth another look. It seems a pity to let it go by default! Any volunteers for a committee or a subcommittee?

Please pass your comments to the Class Officers by letters, calls, or email to your Class Secretaries, and we’ll circulate them to the President Bob Merrick and the Vice President Bonnie Kerby-Miller and to as many of you as we can reach.

Be sure we have your latest address/phone/email, please.

Class Secretaries: Donald Denton, 14039 Strawberry Cir, Pen Valley 95464, 530/432-1888, ddigobeart@aol.com; Lesley Walsh, 453 44th Ave, San Francisco 94121, Lesleywalsh@sbcglobal.net

Our class will be celebrating its 55th reunion this Homecoming. In honor of our 50th reunion, our class will dedicate a commemorative celebrating our generous gift to the Conservation Department of the Library, to be placed next to our 40th Honor Roll. All our classmates are invited. Watch for more information as to date and time. The Class of 1956 Humanities Preservation Endowment for the Library, besides supporting this important and necessary part of the Library, also has allowed the Department to hire a conservator. The Commemorative Committee is chaired by Barbara Jopp Chinn. Another committee member is John Mason, who lives with his wife, Ann, in Ojai. John, who was a member of the Cal Band, plays in a jazz band both for pleasure and to inspire school children to become involved in music. He also serves on the board of his local hospital. Wes McDaniel, our Class President, is another member of this Committee. He and his wife, Patay, live in Lake Arrowhead. The fourth member is Peter Van Houten. He and his wife, Betty ’57, now live in Twain Harte, but spend the winters in Cambria. Bill Floyd, who so admirably led our 50th Gift Committee, will again chair our 55th Gift Committee. Our class is very proud of our endowment and according to national library leaders, “it is the only gift of its kind to a public university library.” Please continue to be generous to this vital and integral portion of the University. One of the first leaders in our library campaign, Stu McKee and his wife, Judy ’59, divide their time between their homes in Piedmont and Carmel. Another of our first leaders, Marianne “PoppY” Tanner, now makes her home in Atlanta. PoppY is already involved in the Atlanta Symphony’s Outreach Program for school children. She plays in a tennis league and is pursuing her love of history by exploring the South. Our Class Secretary, Marianne Austin McDermor, died last spring. She was a valuable member of our class committee and is greatly missed.

Class Secretary: Barbara Jopp Chinn, 5405 Carlton St #404, Oakland 94618, chinnacres@sbcglobal.net

John Vlahos, who compiled and edited the Class of ’57 special project—Songs of California—reports that sales are going well. The books, available at the Cal Book store or through CAA, are a must for every Cal grad: 21 Cal songs with photos and campus scenes, arranged for piano and singing. “It is a real coffee table/piano bench item.” John is semi-retired from his law firm, Hanson Bridgett, San Francisco, but still serving on the boards of the Lamplighters Music Theatre, where he and his wife, Martha, performed for 20 years, and where he served as
board president for 35 years. In keeping with the Gilbert and Sullivan theme, he and Martha directed Trial by Jury for Berkeley’s Town and Gown Club two years ago. He also gives a monthly guided tour for San Francisco City Guides called “Historic Market Street—Path of Gold” and continues to be the press box play-by-play announcer for Cal home football games. Four grandchildren take up whatever time is left.

Marvin Cohen, a member of Cal’s physics faculty since 1964, has retired. Among his numerous contributions to science, he was one of the founders of the field of electronic structure of solids, and pioneered the use of quantum theory and the technique of pseudo-potentials to determine the electronic properties of a broad class of materials. Cohen earned his Ph.D. from the University of Chicago, and after a year at Bell Labs, returned to Cal, where he established one of the world’s leading centers in condensed matter theory. He has earned numerous awards and commendations for his achievements, and has published over 750 scientific papers.

Class Secretary: Judy Thomson, 647 Cragmont Ave, Berkeley 94708-1329

58 Robert Rodini, Ph.D. ’67, and his wife, Eleanor, M.A. ’63, have long since retired from their positions at the University of Wisconsin, Madison, and plan on staying in the Midwest as a midway point between their two children, Elizabeth, of Baltimore, and Mark, of Berkeley. Rob and Eleanor will be escorting their two Baltimore grand-daughters (14 and 16) to Rome this June.

Class Secretaries: R. Scott Sherman, P.O. Box 666, Red Bluff 96080-0666, rssroots@pacbell.net; Barbara Bell Scott, 97B Frederick St, Santa Cruz 95062, barb@scottbiz.com

66 Even better than looking up your classmates on Facebook! Do come to our 45th Reunion! It promises to be an extraordinary series of events, especially a gala cocktail party on Sat. Oct. 15. Phil Litts will chair our reunion again and promises to be just as tireless, enthusiastic, and relentless as he was for our 40th. If you would like to assist him, please email him at philplitts@sbcglobal.net. We had an extraordinary turnout for the 40th and want to surpass the attendance this time! On the endowment front, Marily Howekamp is working closely with the campus. As of June 30, 2010, our class’s endowment had reached $494,871 and generates crucial income for teaching, research, and innovation. Please contact Marily through email at mhowekamp@gmail.com to lend your philanthropic support. Even though Phil is supposedly retired, he’s still quite active. Last December, he was appointed to serve on CAA’s Board of Directors until 2012. He’s also the President of the Board of Trustees for the church to which he belongs. Last October, he was elected President of the Board of Directors of the National Forward Air Controllers Association—a group of about 3,000 servicemen who flew that particular mission during the Vietnam War. A former Cal baseball player, Richard Nye continues to support our team. His experience at Cal led to a professional career that included the Cubs, Cardinals, and Expos for about sixyears, four in the major leagues. Even though he graduated with a degree in civil engineering, he changed course and became a veterinarian. Living in Batavia, IL, he has practiced for about 35 years and specializes in exotic pets. Both Richard and his second wife, Susan, have two sons apiece—all of whom are involved in the arts. Richard has also become passionate about woodworking.

Class Secretary: Mary Beth Mulvey Buck, P.O. Box 550, Southport, CT 06890, mabuck1@aol.com

68 Class of ’68 quarterly gatherings continue on June 4. For information, email Cal68@blueconnect.org. On March 12, our class celebrated its 30th quarterly gathering since 2003. Alumni from other classes from the ’60s joined Class of ’68 members to re-establish ties. The gathering, held in the Morrison Reading Room, was hosted by Dave Duer, Library Development Director. Campus Graduate Dean Andrew Szeri spoke about the issues facing the University. Visit www.gssp.berkeley.edu, and listen to the April 16 Cal Day Lecture co-sponsored by the Center on Civility & Democratic Engagement, founded by the Class of ’68 and the Goldman School of Public Policy: “Can Americans Be Civil and Work Together to Solve Public Problems?”

There are now more ways to catch up with your classmates than ever before.

SUBMISSION DEADLINES:
Winter 2011 issue: September 23
Spring 2012 issue: January 8, 2012
Panelists discussed polarization, civility, public participation, and more. Comments by Dean Henry E. Brady, Goldman School of Public Policy, the Honorable Roger E. Dickinson ’73, and Professor Paul Pierson, were followed by a Q&A moderated by Richard “Dick” Beahrs. Help support Cal undergraduate and graduate students. The Center provides stipends to three Cal students per semester at the UC Center in Washington, D.C. (UCDC). The Center also sponsors Advanced Policy Analysis projects for second-year Goldman School graduate students. This spring, two projects focused on participatory budgeting. Fundraising for the Center is ongoing. Many thanks to the Class of ’68 and others in the Cal community for their support. To get involved, visit www.gspp.berkeley.edu and click on the Class of ’68 icon. Autism Speaks, the largest North American autism advocacy and science organization, has named as one of the 2010 top ten autism research achievements the discovery that children with autism have a unique vocal signature. The study of preverbal children’s vocalizations was led by Dr. D. Kimbrough Oller, professor and chair of excellence in Audiology and Speech-Language Pathology at the University of Memphis. It was published in the July 27, 2010, issue of the Proceedings of the National Academy of Science.

Congratulations on raising over $2 million for Cal in honor of our 35th reunion! We had a wonderful time celebrating with classmates and friends during Homecoming Weekend last October. A special thanks to all who contributed to our success, especially the Reunion Gift Committee led by chair David A. Friedman. The funds we raised will support a variety of areas on campus, including a faculty chair in engineering, undergraduate scholarships, laboratory renovations, and major campuswide support for all students through the Cal Fund. David is also the recipient of the 2010 Wheeler Oak Meritorious Award. Job well done!

Disappearing Act

Robert J. Albo ’54, long-time physician to the Golden State Warriors and consulting surgeon to the Raiders, died February 21, 2011. He was 78.

Albo attended Berkeley High School, where his athletic prowess earned him a spot in the Berkeley High Athletic Hall of Fame. At Cal, the 6-foot-4 Albo earned three letters, and served as captain of both the basketball and baseball teams. Under his leadership, the basketball team won the 1953 Pacific Coast Conference. He was inducted into the Cal Athletic Hall of Fame in 2007.

On graduating from Cal, he was offered a position with the New York Giants. He pursued a degree in medicine at UCSF instead. Eventually, these two interests melded. In addition to running a general practice, he signed on as the team physician for the Golden State Warriors and served as a medical consultant for the Oakland Raiders.

Albo was also an accomplished magician and owned one of the largest collections of antique magic paraphernalia in the world, boasting more than 4,000 objects. Inspired to document some of these holdings, Albo began work on a book, which eventually led to an 11-volume reference series called Classical Magic with Apparatus, wholly written and illustrated by the collector.

Albo was closely involved with the Lair of the Golden Bear, as a staffer in his student days and later as camp director. He was also Chief of Surgical Services for student health at Cal for just under 40 years.

He is survived by his wife, Marjorie, children Deborah, Douglas, and Robert ’81, and eight grandchildren.

—David Holmberg

Minnette C. Dreeben, from Elko, Nev. She was bright and a motivation to her son, Ronald “Bud” Figel.

J. Michael Hagopian, M.A. ’38, Dec. 10 in Thousand Oaks. A survivor of the Armenian genocide, in 1922 Michael and his parents fled from Turkey to the United States. At Cal, Michael earned bachelor’s and master’s degrees in political science, then received a doctorate in international relations at Harvard University in 1943. He served in the Army during WWII. Michael spent the rest of his life as an educational filmmaker and devoted the last 40 years to gathering testimonies of Armenian genocide survivors. He is survived by his wife, Antoinette, four children, and five grandchildren.

Elizabeth B. Miller, Jan. 10, 2010, in Modesto. Betty majored in zoology and graduated with honors. She was vice president of Delta Zeta and sang in Treble Clef. Upon graduation, she went to work for the Charities Commission in Oakland and later became a teacher. Betty devoted her life to mentoring disadvantaged youth and served on the scholarship committee for her chapter of CAA. Among her awards, she received recognition for her service to the Girl Scouts. Her three children, two grandchildren, two step-grandchildren, and three great-grandchildren survive her.

K. Ross Fitzsimmons, Feb. 2. After graduation, Fitzsimmons worked his entire career for Shell Oil Company. By his retirement in 1977, he was General Manager of the Agricultural Chemicals Division. In his home in Murphys, he was a docent at Calaveras Big Trees State Park and also a volunteer for the Executive Services Corp. in Sri Lanka. He is survived by two children, three grandchildren, and two great-grandchildren.

Edward McConnell Griffith, Oct. 14, in Hillsborough. At Cal, he majored in political science and was a member of Delta Kappa Epsilon. He married Helen Elizabeth Atkinson in 1940, and served as a Navy officer during WWII. After the war, he returned to San Francisco, where he and his business partner restored the historic area now known as Jackson Square. He was active in numerous organizations, including the Society of California Pioneers, the Pacific Union Club, and the Grace Cathedral Board of Trustees.
