Stroll through remarkable architecture.

On this sunny day you'll cycle to the town of Delft, a charming canal town, famous for its blue and white pottery. En route, you'll see the Old Town Hall, the 17th-century New Town Hall, and the magnificent Grote Markt Square, a lively market square in the heart of town. You'll also see the Onze-Lieve-Vrouwekerk, a beautiful 15th-century church that houses the famous Delfts Blauw (Delft Blue) pottery factory. The factory is where the blue and white pottery was first created in the 17th century, and it's still in operation today. You'll have the chance to explore the factory and see how the pottery is made. The factory is located on the canal, and it offers a scenic view of the town. You'll also have the chance to visit the nearby Handelshuis, a 17th-century merchant's house that's now a museum. The house is decorated with period furniture and exhibits that highlight Delft's historic trade and industry. The day concludes with a visit to the Groeninge Museum, a fascinating art gallery that houses a collection of Flemish and Dutch paintings, including works by Rubens and Van Eyck.

Dear Alums and Friends of Cal,

Packing for your daydreams of the Low Countries? Nothing like a river cruise through the verdant landscapes of the British Isles or the unspoiled charm of Holland, Belgium or France...to be followed by the serenity and grace of the Low Countries. Quirk, expertly designed for her starring role. Experience Belgium and France at leisure, entitled to your own pace. Begin in the historic city of Bruges, and end in the modern metropolis of Brussels. Throughout the itinerary, the Cruise Director takes the lead as your expert guide, helping you make the most of every stop. In addition to the Quirk’s dry dock time in Bruges, you will have the opportunity to enjoy a day-trip to the famous Gardens of Keukenhof, the most beautiful flower gardens in the world. As you explore these great destinations, enjoy the knowledge and expertise of a dedicated team of lecturers, each offering their unique perspective on the itinerary, including Robert C. Smith, the Principal Lecturer for this trip.

In keeping with the Quirk’s award-winning nature, a focus of the Quirk is to bring passengers closer to nature in a hands-on way – you will have the opportunity to experience the beauty of the countryside by bike, with a guided walk in Belgium, or a guided walk through the beautiful historic city of Bruges.

As always, an all-inclusive price covers all shore excursions, transportation, and hotel accommodations, making it easy to see the Low Countries.
