One of the most amazing phenomena in nature is the annual migration of millions of Monarch butterflies (*Danaus plexippus*) southward from their breeding grounds in the United States and Canada to overwintering sites high in the mountains of southern Mexico. Hundreds of millions of Monarchs fly along the Gulf Coast, or across the Gulf of Mexico, to eventually reach the belt of high volcanic mountains which stretches across the southern end of the central Mexican plateau. At about a dozen isolated places within the high-altitude forests of this zone, Monarchs pass the winter in aggregations that can exceed 2 billion individual butterflies. Stand amid the fir-covered mountains and witness this awe-inspiring spectacle firsthand as the Monarchs flutter, dip, and swoop overhead.

FEBRUARY 24 – MEXICO CITY
Upon arrival in Mexico City, you will be met in the airport and transferred to your hotel, situated in the historic district on the Zócalo. The Zócalo is the largest plaza in Latin America and is surrounded by the presidential palace, Metropolitan Cathedral, Aztec Temple Mayor, historical architecture, and many restaurants. This afternoon, attend a program orientation at 5:30 pm, then depart for a welcome dinner at a local restaurant. Check in starts at 3:00 pm. Overnight at Zócalo Central Hotel. (D)

FEBRUARY 25 – ANGANGUEO
This morning we depart for the picturesque colonial town of Angangueo, located high in the mountains in the state of Michoacán, about 100 miles west of Mexico City. Upon arrival in Angangueo, check in at Hotel Don Bruno and have lunch there. This afternoon take a walking tour through town with our local guide. Founded in 1792, Angangueo served as a main mining center providing wealth for the area. Today the town derives its income from butterfly tourism and agriculture. As we explore the cobblestone streets, our guide will share sites of interest and the importance of butterfly conservation to the town. After dinner at the hotel, gather for a briefing to prepare for the next day. Overnight at Hotel Don Bruno. (BLD)

FEBRUARY 26 – ANGANGUEO
This morning visit Sierra Chincua Butterfly Sanctuary, one of several nearby Monarch sites that are more isolated than El Rosario (which will be visited tomorrow). The journey starts with a hike up the mountain to about 10,000 feet. Horses will be available to rent for a portion of the trail. The cost is about 100 Mexican pesos (cash only). Some walking will be required but you will be able to walk at your own pace and stop and rest as needed. Once you
reach the site of the Monarch colony, we will have the day to enjoy and photograph the spectacular colony. A boxed lunch will be provided to eat while at the site. Please note that there are no restrooms in the reserve and they are located at the bottom of the mountain. Here we will meet with a local family to enjoy a typical Mexican snack and learn about their lifestyle. You can also join the family to cook a local recipe together. Sierra Chincua is typically shaded so remember to dress in layers due to high elevations. In the late afternoon, return to Hotel Don Bruno for free time to enjoy the hotel gardens, walk around the town, and photograph the interesting scenes in Angangueo. Overnight at Hotel Don Bruno. (BLD)

**FEBRUARY 27 – ANGANGUEO**

Located on a high mountain slope near Angangueo lies the Monarch site of El Rosario. Here we visit our second Monarch colony and the largest sanctuary in the Monarch Butterfly Biosphere Reserve. El Rosario is also the most visited, as it’s the most generally accessible to the public. Hike or ride horseback on an excellent trail system winding through the fir-covered slopes of the mountain. (Trail horses are available for rent to ride up the mountain.) Uphill, the large overwintering colony typically contains well over 100 million adult Monarchs. There is also a nearby stream where the butterflies may fly at midday to drink water. Have a simple picnic lunch while enjoying this spectacular phenomenon and watch the butterflies go through their daily cycle of activities. At this time of year, they may take flight for an hour or more to secure water and/or nectar before returning to their roost on tree limbs or trunks. Please be prepared to be independent again today during butterfly observation. In the late afternoon, return from the mountains by walking trails back to Angangueo. In the evening, enjoy free time at leisure to explore, or just relax in this peaceful setting. Overnight at Hotel Don Bruno. (BLD)

**FEBRUARY 28 – MEXICO CITY**

After breakfast, depart for the Mexico City area and San Juan Teotihuacán. After a delicious lunch, we’ll have the afternoon to explore this world-famous archaeological site, which covers 32 square miles and contains many structures including two large pyramids. The Pyramid of the Sun, at a height of more than 200 feet, is one of the largest structures created in the pre-Columbian Americas and the third largest ancient pyramid in the world today. At its peak, the city was also one of the most populated in the world, with at least 125,000 residents. After time to explore the ruins on your own, return to the hotel for a farewell dinner. Overnight at Zócalo Central Hotel. (BLD)

**FEBRUARY 29 – MEXICO CITY/DEPART**

This morning you will be transferred to the airport for your flight home. Breakfast will be included depending on your departure time. Please schedule your return flights with the understanding that you need to be at the airport three hours ahead of your scheduled departure flight time. As an example, a 7:00 am departure from Mexico City means that you will need to wake up at 3:30 am to get to the airport by 4:00 am. Airport transfers for early morning departures are completely accommodated, but please be aware of the three-hour check-in time for your own planning preferences. Hotel check-out is at 12:00pm. (B)
WHAT TO EXPECT

ACTIVITY DETAILS
This is an active adventure in high-altitude conditions (over 10,000 feet). Participants should be in good health and able to hike for a distance of 2-3 miles to the colony site and then back the same way (could be around 5 miles of hiking in one day). Typically, the hike takes between one and two hours, but the colony site varies throughout the season, so hiking times and distances may vary.

ADDITIONAL NOTES:
Please note that during site visits, the days entail walking around the butterfly sites on your own and photographing and watching butterflies. Please be prepared to be independent during butterfly watching. Bathroom access is at the base of the mountain and can be reached by walking or renting a horse. There are also vendors at the base selling food, beverages, and local crafts. Dressing in layers is important due to weather at mountain elevations.

HOTEL DON BRUNO
Nestled amid the mountains of Mexico, Hotel Don Bruno offers an ideal location for access to the nearby butterfly sanctuaries in the Monarch Butterfly Biosphere Reserve. While its quaint exteriors, surrounding scenery, and courtyard garden are a picturesque backdrop for rest and relaxation, the nearby colonial town of Angangueo beckons visitors to explore.
