Each day on safari begins with new discoveries, and ends with a reinvigorated respect for nature.

Life on Safari

Chobe National Park

The most diverse range of thundering Victoria Falls.

The peninsula is a part of the Cape Floral Region, described by Dr. David Livingstone as the “fairest circle in the whole circumference of the earth.”

In 1580, English navigator Sir Francis Drake became the first European to reach the Cape. Today, the Cape of Good Hope remains a place of fascination and wonder.

The town of Cape Town, known as the Mother City, has a rich history and is a vibrant destination. From the remote prison, these prisoners helped inspire the anti-apartheid movement.
