The Wolves and Wildlife of Yellowstone

A 7-DAY WINTER WONDERLAND ADVENTURE
Dear Alumni and Friends of Cal,

Please join us on an extraordinary winter adventure: a seven-day wildlife expedition to Yellowstone—North America’s best wolf-watching habitat.

Dressed magnificently with frost and snow, and with visitors few and far between, experience an ecosystem when its beauty is more untouched by the outside world than any other time of the year. Hushed and magical landscapes are the setting for steaming geysers, trees covered in ice crystals, and the movements of bison, elk, pronghorn, bighorn sheep, and other wildlife—followed closely by the park’s wolves.

Safari aboard custom vehicles with expert naturalists as we explore and learn about the animals, environment, hydrothermal activity, and history of the park. Enjoy a private sleigh ride through the National Elk Refuge and meet an award-winning wildlife photographer for a presentation during a visit to his gallery. Each evening, overnight in atmospheric hotels and a park lodge.

Go Bears!

A time-honored tradition since 1969, Cal Discoveries Travel creates learning opportunities for thoughtful travelers. Join great minds on our world-class journeys.

Activity Level 3: 🌟🌟🌟🌟
What to expect: These trips feature long touring days with travel via motor coach, ship, zodiac, all-terrain vehicle, or train. Travelers are required to board transportation without assistance as well as stand and walk over uneven terrain for extended periods of time. Some tours may include optional higher-intensity activities and travel at higher altitudes with steep ascents and descents. Outings last 4–6 hours most days.

Suitable for: Travelers who are able to comfortably walk four to six miles, or 6,900–9,200 steps, each day.

As we embark on this new world of group travel, the health and well-being of our guests, our team, and the communities we visit remain our top priority. For a detailed listing of the enhanced safety measures and hygiene protocols specific to our tours, please visit orbridge.com/wellness.

Orbridge takes seriously the responsibility to minimize our global environmental impact. Each year we plant 100,000 trees in U.S. State Forests with afforestation needs as an on-going initiative among our evolving sustainability efforts. Learn more at orbridge.com/going-green.
Amidst crisp air, bare trees, frosted earth, and brilliant thermal features of Yellowstone National Park, the wildlife viewing in winter is better than any other time of year. The elements of nature are in full sway, and its wild inhabitants—close-knit packs of wolves—are hunting, mating, and surviving.
Your 7-Day Itinerary

Your Expedition Leaders

From their inside knowledge of the best wildlife viewing spots to identifying the wolves’ signs and tracks, your two expert Orbridge Expedition Leaders and naturalist guides will make all the difference in your wildlife expedition. Enriched by their expertise, you’ll bring home a deeper understanding of the apex predator’s reintroduction to Yellowstone, along with a new appreciation of the drama and beauty of nature’s hierarchy.
Discover
• Immerse yourself in the unspoiled natural beauty, diverse wildlife, and dramatic tales of this unique ecosystem during this exclusive wintertime program.
• Experience Yellowstone in its winter incarnation: a world with frozen geyser rain, ghost trees with a frosty glaze, surprising winter wildflowers, and dynamic hydrothermal features set in snow and ice.

Explore
• Scout for wildlife from the comfort of a custom-outfitted, heated vehicle featuring oversized windows and a rooftop viewing hatch. Yellowstone is considered one of the best wolf-watching habitats in the country.
• Joined by two expert Orbridge Expedition Leaders and professional naturalist guides, learn informed perspectives and first-person accounts of the wolves’ setbacks, survival, and victories.
• Keep binoculars close at hand: this is the Serengeti of North America, home to the largest concentration of mammals in the lower 48 states. Resident bison, elk, pronghorn, bighorn sheep, moose, and other wildlife live among seven large predators, one of the most elusive being the gray wolf.

Interact
• Set out on a snowshoe adventure plus meet an award-winning wildlife photographer for a presentation during a visit to his gallery.
• Enjoy a horse-drawn sleigh ride through the National Elk Refuge. Created in 1912, this sanctuary is home to one of the largest elk herds in North America.

What’s Included
• 6 nights accommodations
• 6 breakfasts, 5 lunches, 5 dinners (including special welcome and farewell dinners), and a wine and cheese reception
• A fully-guided program with 2 Orbridge Expedition Leaders as well as expert local guides and naturalists
• All unique excursions and activities listed in the 7-day itinerary including transportation
• Use of in-field gear, including high quality binoculars and spotting scopes, Yaktrax, snowshoes, and adjustable hiking poles
• Hot beverages, water, and snacks throughout touring
• Admission and park fees throughout
• Luggage porterage
• Gratuities to Orbridge Expedition Leaders, local guides, hotel housekeeping staff, drivers, porters, and wait staff for included meals
• Airport transfers for guests arriving and departing during the suggested times

BERK.WY.22
Special Guest Lecturer: Professor Tim Duane

Tim Duane taught environmental planning and policy at UC Berkeley from 1991-2009, when he became Professor of Environmental Studies at UC Santa Cruz from 2009-2018. He has also taught at Seattle University and Vermont Law Schools and is now Professor in Residence at the University of San Diego School of Law. Professor Duane's research and policy work focuses on climate change, renewable energy, resource management and land use planning. He is the author of Shaping the Sierra: Nature, Culture, and Conflict in the Changing West, which has been the basis for comparative work in both Switzerland and Austria. He also has conducted research on land use and environmental planning and policy in French Polynesia. Professor Duane's work on natural resources and ecosystem management includes service on the California Spotted Owl Federal Advisory Committee for the Chief of the U.S. Forest Service and the U.S. Secretary of Agriculture. Professor Duane has also advised the California Secretary for Natural Resources, the President of the California Public Utilities Commission, the California Energy Commission, the National Park Service, and the U.S. Bureau of Land Management on policy. This is Professor Duane's tenth trip for Cal Discoveries—he previously led trips to the Peruvian Amazon, the Polar Bears of Hudson's Bay, Patagonia, Antarctica, Morocco, Switzerland, French Polynesia, Northern Italy, and Machu Picchu and the Galapagos Islands.

One traveler per room, whether an alumni or friend, must be a current Cal Alumni Association member at the time of departure to participate in Cal Discoveries Travel offerings. Payment of $60 for seniors 65 years and over and $75 for others establishes a regular or affiliate membership with all other Association benefits. Memberships are for individuals only, and are non-refundable and non-transferable. A traveling pair and their children under 21 years of age may travel on one membership. Please make dues payable to CAA by separate check, or, if you prefer, provide a Visa, MasterCard or American Express number with expiration date for payment. You can also enroll online at alumni.berkeley.edu/join. The Cal Alumni Association (CAA) is a self-funded nonprofit organization that relies on donations to provide programs and services that support students, alumni, and the University. To make a gift, please visit alumni.berkeley.edu/give. Thank you for choosing CAA as the recipient of your generosity.
